

Handle Nevada

stainless steel version

Handle made of stainless steel X12 CrNiS 18 8, material 1.4305, matte gloss surface for the highest standards.

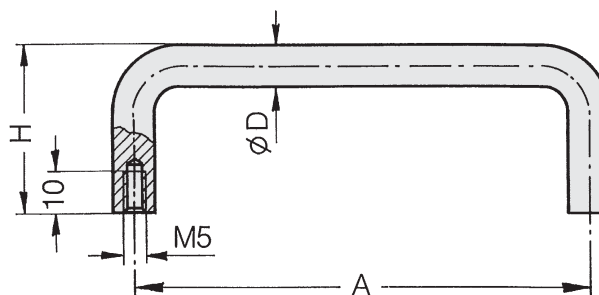

🔄 **Minimum mechanical** stress resistance, 1000 Newtons (100 Kgf)

Special types of stainless steel such as stainless 316L highly resistant to sea water, can be manufactured, upon request, in small or large batches.

Most BOUTET products can be "wrapped up" in high-tech silicone rubber for an amazing softness of touch. And silicone has also the highest temperature resistance, 280° Celsius.

Handle supplied with M5x10 screws and washers

Handle "Nevada" in stainless steel
